Registration Fee	25.00 per child
Deposit	200.00 per child (after school) 100.00 per child (before school); 50.00 if also enrolling in after school

Vouchers BEDP accepts state vouchers for childcare and has a voucher contract with Community Care for Kids in Quincy. Families with vouchers are billed the daily parent fee (if any) set for their child by CCK. Bills are monthly. Parents are responsible for making timely payments of any parent fees and are also responsible for renewing their vouchers before the expiration date. If a voucher expires and is not renewed, the family will be charged tuition at the regular program rates (see above). Families with vouchers do not pay the registration fee or deposit.

Financial Aid through BEDP

BEDP offers limited financial aid in the form of partial tuition waivers. Families that are income eligible for a state voucher need to apply for a voucher before submitting a financial aid application to BEDP. Request the financial aid application by emailing pam@bedp.org or find it on our website, www.bedp.org.

The deposit is part of the yearly tuition and is applied to the June payment. Families who leave the program before the June payment is made will forfeit their deposit. The registration fee is not part of the deposit.

Extra or drop-in days must be arranged in advance, and children must be currently registered in a BEDP program. Drop-in days are subject to availability, based on regular enrollment on the requested day, licensed capacity and other requests for that day.
