

News from Mr. Ken about his latest Zoom meeting with 3rd graders

What a wonderful way to enjoy a Friday night. I want to thank all of those who joined and encourage you to persuade others to join too. I will add a short summary of the events from the call, but always am eager to get healthy feedback so we can make these little get togethers the best time ever! Tonight we had close to 20 people join the Friday night party!

- We started with bad jokes...that is a good way to get the kids interested and comfortable speaking to the group!
- Next was a crazy hair contest and all of those that participated won! it was a such a delight to see the creativity of some of the kids!
- I then fooled all the kids with my classic new holiday tradition May 1 = "Maypril Fools Day" Please ask your child about the company i proposed the 3rd Graders in BEDP begin. it seemed ingenious, until they began using logic and safety.
- Followed by more bad jokes by Mr. Ken (bread truck that got into an accident and caught on fire.....they'll tell you the punchline!)
- Now to a more serious part and hopefully interactive part as well
 - We spoke about essential workers and how we are being as safe as possible. I showed my custom mask
 - Also I alerted them that I have a banner on my fence that says "THANK YOU ESSENTIAL WORKERS"
 - This area is now known as "Thank You Corner" and I would love to have the kids draw a picture or note of thanks, with their first name too. All the papers can be dropped off in my mailbox or I can pick up in a safe social distancing way. You can email me with ANY questions. They can also paint a rock or something like that too an drop that off if it's more their style/interest. I will laminate the drawings so keep it to a piece of printer paper or construction paper but keep it to an 8.5"x11"

Thanks so much for being involved with our call. It would be a lot less fun without you!

WHAT DO YOU CALL AN
ALLIGATOR IN A VEST?

AN INVESTIGATOR.
